- JavaScript (Node.js, Express.js, EJS)

Database
- PostgreSQL
- MySQL
- MongoDB
- SSMS

Tools
- Git, Github
- POSTMAN
- Figma

Soft skills
- Critical thinking
- Adaptability
- Teamwork
- Self-motivation

WORK EXPERIMENT

Mensa Business Solution Company Limited

web developer
- Used data resources to create a database.
- I learned the VB.NET languages and the ASP.NET framework.
- Created a CRUD website and authentication.

PROJECT

Netflix web clone

Designed UI for the Netflix web page with HTML, CSS, JavaScript, and the Bootstrap framework. Then I create home, sign-in, selection, and the main page.

Department and employee management system.

Used VB.NET languages and the ASP.NET framework to connect the SSMS database. After that, I created the department and employee management system with programming and SQL languages.

Open-weather UI with open-weather API

Used VB.NET languages and the ASP.NET framework to connect the SSMS database. After that, I created the department and employee management system with programming and SQL languages.
